

## ALL KIND OF STEEL

stainless steel – non-ferrous metal – tool-steel – cast iron – plates – slit strip -  
cold rolled strip – profiles – tubes – wire

STAINLESS STEEL / 1.4000 1.4301 1.4307 1.4541 1.4571 1.4404  
QUARTO PLATES 1.4828 1.4841 1.4878 1.4006 etc.....

dimension: width up to 2000 mm, length up to 6000 mm,  
D:2 - 150 mm and up to **0,40 mm ....**

SLIT STRIP: STAINLESS STEEL: various grades: 1.4034, 1.4512, 1.4310 etc.....

SPRING BAND STEEL: e. g. C 55 - C60 - C75 etc.

CUTS steel – stainless steel – special steel - 0.40 - 150 mm thickness  
*oxygen cutting, water-jet-cutting, thermal-cutting, laser-beam cutting*  
*(possible according to your drawing)*

CUTS from block or plate sawed  
(sawed) 1.4313 1.4462 1.4028 1.4021 1.4112 1.4006 1.4923 etc.  
1.2842 1.2311 1.1730 usw.

WIRE: STAINLESS STEEL 1.4301, 1.4310, 1.4401, 1.4404, 1.4571, 1.4568  
2.4668, 2.4810, 2.4610 , 1.4021, 1.4034

lock wire for aeronautic: 1.4324.8, 1.4319.9, 1.4544.9, 1.4546.9, 1.4317.7  
spring band steel: variety A / B / C / D  
(small volume purchases)

NON-FERROUS METAL aluminium, copper, brass, bronze, nickel-silver  
(slit strip, plates, cuts)

FORGINGS forged bar steel – hammer forging  
various grades: (titanium, Alloy, nickel etc.)

TUBES steel, stainless steel, **heat resistant** grades, special grades,  
precision steel tube, thick walled tubes, capillary tubes

SPECIAL STEEL nickel, Hastelloy\*, Inconel\*, Monel\*, titanium  
(\* registered trade name)

SILVER STEEL e. g. 1.2210 and precision flat bar steel
